3. The following comments were expressed:

a. Binders and tabs have been ordered.

b. Management Office should develop a procedure for the clearance and flow of issuances from inception through reproduction.

c. Management Office will include a paragraph on security of the manual in the first section. Such a paragraph would be cleared with Inspection and Security.

d. Management Office should make up a sample manual page to be transmitted with these minutes for the guidance of Committee members in preparing sections of the manual.

e. It was reiterated that all initial declassification of issuances would be accomplished outside of the Committee.

4. The next meeting to be held on Monday, 11 July 1949, would be devoted to a discussion of the first section of the manual if such section is completed by the Management Office.
